The "Shop Local" program is a national initiative launched by Airbnb in partnership with La Fête des Voisins* and all the Airbnb Community Clubs in France. This operation aims to bring together the entire Airbnb Community around a common project: supporting small businesses by highlighting hosts' best local addresses, and sharing them with travelers discovering French cities with Airbnb.

By traveling with Airbnb and staying with hosts, guests can experience the way of life of the city and live like a local. Who better than a local host and citizen to recommend the best local addresses in a city? This guide lists all the local shops, restaurants and all kinds of small businesses that hosts and members of the Airbnb Community Club consider a must in the city.

The Airbnb Community Clubs, Airbnb and La Fête des Voisins have the joint aim of strengthening the social bond in communities and making a positive impact on the local economy of French cities. This first edition has been developed in collaboration with hosts and members from the Airbnb Community Club of Marseille.
