

# WELCOME TO KRAKOW

Welcome. I am excited to host you. Here in Poland we are famous for our hospitality, but before heading out to enjoy all that Krakow has to offer, here are some tips to help you live like a local and be a good neighbour while you're in town.

## FOLLOW THE HOUSE RULES

Please be respectful of my space, common areas and follow local guidance. Rubbish has to be separated - ask me where to find our dustbins (blue stands for paper, yellow for plastics and metal, green for glass, brown for bio waste, and black for general waste). Do not litter or smoke in any common spaces. If you happen to meet our neighbours, feel free to say 'dzień dobry' (hello).

## GO LOCAL...

I believe there's so much more to Polish culture than the main tourist attractions. To make the most out of your trip and to find the hidden gems of Krakow, flip this page and you'll find my personal recommendations and the places I love most.

## SSHHH

The people of Krakow prefer peaceful nights, just like anywhere else. Please be mindful of our neighbours and keep the noise down, especially in common areas and on terraces during quiet hours (10.00 pm - 6.00 am). Also be mindful of the volume when listening to music.

## RESPECT THE CITY

Do not hesitate to ask me about local customs, like how to use public transport including, how to get to the must-see Kazimierz. Please respect the rhythm of the city, the local laws and in general how to be a responsible guest. Be conscious of the noise rolling and wheeled suitcases make on our old cobbled streets.

## ... BUT ALSO GET OUT

Poland boasts stunning natural beauty - it's not all about Krakow. Ask me for tips about where to go and how to get there, but please always respect the environment. Poland has a diverse range of beautiful landscapes. From the beautiful coast in the north to the breathtaking Tatra Mountains in the south, there are plenty of beautiful places to visit.
