Travel with an open heart and mind

Kia ora guest,

At Airbnb, we help make it possible for guests to experience the world in a more authentic, connected way.

That's why we are partnering with Tiaki — Toitū Aotearoa, an initiative aimed at encouraging our manuhiri to travel in a way that shows care and respect for people, place and culture. Empowering you to help us care for, protect and enrich this place. So that, in return, you can enjoy a more enriching experience yourself.
